

Artificial Intelligence and Its Impact on In House Counsel

September 13, 2019

ABA Consumer Financial Services Committee Business Law Section 2019 Annual Meeting Washington, D.C.

Robert Savoie (Cleveland) moderated a panel titled “Artificial Intelligence and Its Impact on In House Counsel” during the ABA Consumer Financial Services Committee Business Law Section 2019 Annual Meeting in Washington, D.C. As costs and time continue to be a major factor in legal management, many companies and firms are turning to artificial intelligence as a solution. The panel discussed how those products are being used and the implications behind using them.
