

# Current State of Regulatory Network Supervision

June 10, 2022

Ever-evolving technology is changing compliance requirements from a private and regulatory standpoint.

**Amy Greenwood-Field** (Washington, DC) is speaking on a panel on “Current State of Regulatory Network Supervision” at the CrossTech Compliance Conference in Miami, Florida on Wednesday, June 22, 2022. This panel will broadly analyze the current state of network affairs and what the future envisions.

CrossTech’s Compliance Conference brings together compliance companies and experts to discuss the regulations that are opening new areas including mobile wallets, cryptocurrencies, and Blockchain-based protocols. [Learn more.](#)
