More than 60 McGlinchey Stafford attorneys have received the distinction of being included in *Super Lawyers* and the publication's "Rising Stars" list across the United States.

McGlinchey Stafford's Florida offices were established to more effectively and efficiently serve valued financial services clients in the Southeast United States. Attorneys in these offices bring experience working in-house for some of the largest financial services companies in the world, as well as seasoned trial experience handling complex commercial litigation; bankruptcy, reorganization, and creditors' rights; consumer financial services; and real estate.

*Super Lawyers* has listed outstanding lawyers from more than 70 practice areas who have attained a high degree of peer recognition and professional achievement since the publication's founding in 1991. To be included in a

state publication, lawyers are subject to a nomination process, a peer-review survey by practice area, and independent research on candidates. The top five percent of attorneys in each state, as nominated by their peers, are then reviewed by an independent research team that focuses on professional accomplishments, peer recognition, and community involvement.
