Methodology: Law360 gathered data from U.S. law firms and vereins or similar structures with a U.S. component on domestic attorney and partner headcount information as of Dec. 31, 2022. Firms based outside the U.S. are not included, and only attorneys based in the 50 states and the District of Columbia were included in the responses. Firms are ranked by their total number of U.S. attorneys. For firms with identical total U.S. headcounts, Law360 breaks ties by reviewing the percent change in attorney headcount from the previous year or years, if necessary. For the firms where that data is unavailable, Law360 assumes the percent change is zero for the purposes of breaking those ties only.
