

Leading Through Unexpected Change

June 08, 2022

While the world still realizes the emotional impacts of COVID-19, it is important to learn to accept and plan for the emotional consequences of unexpected change. Law firm administrators can prepared for unexpected change by learning to pivot and adopt a compassionate leadership approach.

Jessica VanTroost, Strategic Operations Administrator, will co-facilitate a virtual discussion on “Leading Through Unexpected Change” for Konica Minolta and All Covered in a webinar on Tuesday, June 21, 2022. This presentation will focus on accepting change can happen to you, knowing what to do if change happens, taking planning one step further, and making sure you and your team survive.
