

Morning Sickness? Prenatal Check-ups? What to Know About New Rights for Pregnant Workers

April 20, 2024

Of Counsel **Melissa Losch** (New Orleans) was quoted in an AP article titled “Morning Sickness? Prenatal Check-ups? What to Know About New Rights for Pregnant Workers” on the implications of the Pregnant Workers Fairness Act.

Melissa Losch, a labor and employment attorney at the New Orleans-based firm McGlinchey Stafford, said she expects the regulations to give rise to further litigation. Losch cited the example of a worker living in a state with a restrictive abortion law requesting time off to undergo the procedure in another state. The EEOC rules provide “no good answer” about whether granting such a request would conflict with restrictive state abortion laws, she added.
