We negotiate every day in social and professional settings and often are not aware of what really works, what techniques are effective and what approaches do not work. A lot of us negotiate intuitively only. **Christine Lipsey** (Baton Rouge) will provide practical guidance on how to become more aware of negotiation techniques, how to properly prepare for negotiations, and how to improve leverage to strengthen negotiation results. Christine is a Member at McGlinchey Stafford and is an Adjunct Professor at Louisiana State University Paul M. Hebert Law Center.
