achievement since the publication's founding in 1991. To be included in a state publication, lawyers are subject to nomination, a peer-review survey by practice area, and independent research on candidates. The top five percent of attorneys in each state, as nominated by their peers, are then reviewed by an independent research team that focuses on professional accomplishments, peer recognition, and community involvement. The "Rising Star" designation recognizes the top 2.5% of lawyers in a given state who are 40 years old or younger, or have been in practice 10 years or less.
