Super Lawyers has listed outstanding lawyers from more than 70 practice areas who have attained a high degree of peer recognition and professional achievement since the publication’s founding in 1991. To be included in a state publication, lawyers are subject to a nomination process, a peer-review survey by practice area, and independent research on candidates. The top five percent of attorneys in each state, as nominated by their peers, are then reviewed by an independent research team that focuses on professional accomplishments, peer recognition, and community involvement.
