

# Represented a catastrophic insurance adjuster in nearly 200 Hurricane Katrina-related individual and mass actions

February 23, 2017

Represented a catastrophic insurance adjusting company in nearly 200 Hurricane Katrina-related individual and mass actions involving various claims including RICO, fraud, contract, and negligence claims. A successful partial summary judgment led to the dismissal of fraud and other claims against the client, and the extra-contractual and punitive damages claims were voluntarily dismissed. The client was later completely dismissed from the litigation, without payment of any money to the plaintiffs.
