Angelique Scheer works directly with attorneys in our consumer financial services regulatory compliance team to manage multistate licensing projects, including license renewals and annual reports.

In this role, Angelique supervises other licensing team members working to obtain and maintain consumer finance-related licenses. She interfaces with clients to coordinate license applications. When a licensing project request comes in, she assigns duties to team members, reviews documentation, supervises deadlines, and provides regular updates on project status.

Prior to joining McGlinchey, Angelique worked for six years in mortgage finance licensing and two years in consumer finance licensing. This diversity of experience affords her a unique perspective on clients' licensing challenges and goals.
