I've been with McGlinchey for more than ten years and still enjoy the opportunities to learn and grow. I moved to the licensing team after years as a legal secretary, and I enjoy the challenge in this area of work. I'm glad to count myself part of the McGlinchey family.

Janice Ewelt* oversees projects for the licensing team. Her work includes new license applications and amendments to existing licenses through the Nationwide Multistate Licensing System (NMLS) and state agencies. She also creates annual reports for clients and tracks ongoing license renewals for all 50 states.

With almost forty years of legal experience and more than thirty years as a legal secretary, Janice is deeply knowledgeable about law firm operations. Before joining the licensing team, Janice worked as a secretary at McGlinchey, giving her an intimate understanding of the firm, its clients, and processes.

* **Disclaimer:** Janice is not licensed for or admitted to the practice of law.
